

Dear Prospective New Patient,

Let me take this opportunity to welcome you to Agapé Primary Care. Our practice is committed to providing you with the quality care you would expect from an organization that prides itself on excellence, quality, service and people.

As you begin the process of becoming a new patient, there are a few things you can do that will help us serve you better. We ask that you complete the forms enclosed, or on our web site, in their entirety and bring them to your first scheduled appointment or mail back to us. We ask that you arrive on time for your appointment. Late arrivals may be asked to reschedule.

Please do not hesitate to contact our office. You will find the number to your practice location written below, or if you are accessing this from our web site, our main page has the phone numbers to all our locations across South Carolina. Please be mindful you are not a patient of Agapé Primary Care, Inc., until you see the physician.

Our vision is based on a model of integrated services that is designed to assure responsiveness and quality of service for patients and their families. A cornerstone of this model of integrated services is the ability and desire of trained health professionals in a variety of fields to assess the unique and dynamic needs of each patient.

Sincerely,

Practice Administrator
